PROFILE INFO

Cybersecurity professional with nearly 3 years of experience specializing in vulnerability assessment, penetration testing, and network security. Proven track record of securing systems and networks by identifying and mitigating vulnerabilities. Experienced in cloud security testing, network protocols, and developing security policies to enhance organizational cybersecurity measures.

EXPERIENCE

Jan 2024 - Present

Meta Techs - Dubai

Cyber Security Engineer

- Conducted penetration tests and vulnerability assessments on networks, WiFi, web and mobail apps to identify security flaws.
- Utilized industry-standard tools like Mobsf, Nmap, Sqlmap, and Burp Suite for in-depth analysis and attack simulations.
- Created detailed reports with identified vulnerabilities, risks, and actionable remediation recommendations.

Aug 2024 - Aug 2024

SilverFirn Digital - Dubai

VAPT - Contract

- Conducted VAPT of web applications, identifying vulnerabilities and potential risks.
- Created detailed reports outlining findings and remediation strategies.
- Presented results to application developers, explaining vulnerabilities and solutions in a clear and actionable manner.

Nov 2021 - Dec 2023

Manappuram Comptech and Consultancy Ltd

Security Engineer

- Performed VAPT on web apps, Android apps, and networks to identify security weaknesses.
- Collaborated with DevOps teams to automate security testing using CI/CD pipelines.
- Utilized security monitoring tools for real-time threat detection and response, enhancing cloud security.
- Assisted clients with Web Application Firewall and Antiviris issues

ACHIEVEMENTS

- Discovered major bugs of the private bug bounty programs and won rewards
- Achieved first prize in Kerala science congress video edition competition 2020.

CERTIFICATIONS

- CICSА - Certified IT Infrastructure and Cyber SOC Analyst
- CPT - Certified Penetration Tester
- Practical Web Application Security and Testing - TMC Security

EDUCATION

2020

Yuvakshetra Institute of Management Studies

Bachelor of Computer Application

SKILLS

- Penetration Testing & Vulnerability Assessment
- Cloud Security & Network Security
- Linux and Kali linux
- Web and Android VAPT Testing
- Threat dtection and response
- Shell Scripting
- Microsoft Azure security
- Security Testing Automation
- Web Application Firewall
- ISO 27001, GDPR, PCI DSS

LANGUAGES

- Malayalam - Native Proficiency
- English - Professional Proficiency

SOFTWARE SKILLS

- Burp suite
- MobSF
- Accunetix
- Nessus
- Microsoft Azure
- Sqlmap
- Shodan
